

Benefits of Membership

- **Membership in the largest national non-profit organization of its kind** provides you with the opportunity to network with a wide range of steel industry professionals. SEAA members promote training and education, enhancement of skills, safety and quality of steel erectors, fabricators, detailers, suppliers, manufacturer's, specialty contractors across the USA.
- **Representation of the steel industry to various government agencies and Standards Committees such as:**
 - Occupational Health and Safety Administration (OSHA) - www.osha.gov
 - American Institute of Steel Construction (AISC) Erector Certification Program - www.aisc.org
 - National Center for Construction Education and Research (NCCER) Ironworker Training - www.nccer.org
 - National Commission for the Certification Crane Operators (CCO) - www.nccco.org
 - National Institute of Steel Detailing (NISD) - www.nisd.org
 - Steel Joist Institute (SJI) - www.steeljoist.com
 - Steel Deck Institute (SDI) - www.sdi.org
 - Steel Construction Industry Roundtable Discussions comprised of over 30 industry leaders including engineers, steel producers, manufacturer's fabricators, detailers
 - Steel Construction Leadership Group Discussions comprised of industry leaders from SEAA, NEA, AISC, NISD, ASA, CCO, NSB
- **Employee Safety and Subpart R Training Programs** – SEAA has developed several training products that are available for purchase to the commercial construction industry in **English and Spanish** languages. Contact SEAA or visit us @ www.seaa.net
- **Quarterly newsletter, a complimentary listing** in our Membership Directory that is distributed to the ENR Top 400 GC's, free listing on our website, and opportunity to work through a national network.
- **Access to SEAA committee members** with whom you can network and share information, resources and ideas.
- **SEAA Convention and Trade Show** held annually to discuss current industry topics and to see the newest, most innovative products and services that are available to the steel industry.
